

Projects Report for September 2021

Hanging Baskets

Our hanging baskets have grown and bloomed beautifully this summer. The ASPRA meeting in September is the time for us to take the decision on whether to go ahead and order hanging baskets for summer 2022.

Poppies

These will be going up later in the year and we are in the process of purchasing some replacements that are needed.

Festive Lighting

We look forward to seeing the Christmas lights go up along the shops later this year.

Noticeboard

Two of the key holders, Jenny and Sheila have refreshed our noticeboard, taking out of date and faded notices down and as things start to open up new notices are being received.

It hardly seems possible that we have had the noticeboard for four and a half years and that we now need to seek planning permission renewal which we hope will be approved by Croydon Council.

Project Funding

ASPRA applied for funding from our councillors (reduced) community budget, unfortunately before our applications could be processed by the council, these were withdrawn.

We do have a funding application in with the Co-Op as part of their supporting the community and should hear in October if this is successful for proceeding to their next stage.

We are continuing to receive project donations and as always these are very much appreciated and allow us to continue to enhance the Addiscombe area with all the above mentioned.
