## Membership & Postmaster AGM Report for 2020

### **Membership**

Strange times and obviously this had an impact on our road rep's ability to make direct contact with members and residents for membership recruitment and renewals. However, membership numbers have held relatively similar to last year, so grateful thanks all round. Many members took the opportunity to add 'a little something' to their subscription and thus make a donation towards our projects funds. Much appreciated, and the results (hanging baskets, festive lights) have been a welcome sight along 'the village' shops during the year.

Direct bank payments greatly assist in the subscriptions and donations process, and the closure of the West Wickham branch reduces our options for reps to deposit the contents of the subs envelopes. For those using standing orders, which tend to remain untouched over the years, you may wish to consider updating the amount to include an additional donation, as many of our 'manual direct payment' members already do.

### **Postmaster / Email**

Relevant information continues to be circulated as appropriate to those of our members who we have addresses for, and coordination with both ASPRA Facebook and Website continues.
